WEB LANDING PAGE

Wonder Campaign

As part of the 'Always Keep Your Sense of Wonder' campaign, I worked with marketing and digital teams to design a landing page to showcase a range of inspirational content from Scenic Eclipse's inaugural expedition to Antarctica.

At Scenic, we always keep our sense of wonder. Even in the most uncertain of times, it's at the heart of what we do. It's about dreaming of those moments to come and reminiscing of those moments already cherished. It's being inspired by the world from afar and when the time is right, being ready to embrace the world and all its beauty like never before. In this moment, it's important to also recognise the here and now and acknowledge the unprecedented times we are all facing.

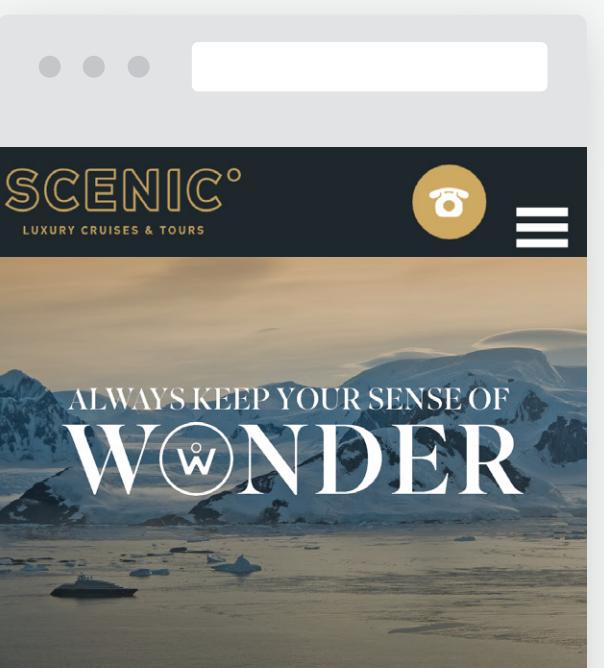

But wonder exists outside of the present and is found in places we can't always reach at this time. Places and experiences we can't wait to share with you once again. So at this time of uncertainty, remember one thing is for certain – wonders never cease. And some of the best memories are yet to come, so keep dreaming and let us inspire you.

To get things started, join us to look back at some of the awe-inspiring wonder moments captured on our recently-completed first season in Antarctica with Scenic Eclipse.

A truly wondrous few months in the most beautiful place Earth.

Featured

DISCOVER MORE

At Scenic, we always keep our sense of wonder. Even in the most uncertain of times, it's at the heart of what we do. It's about dreaming of those moments to come and reminiscing of those moments already cherished. It's being inspired by the world from afar and when the time is right, being ready to embrace the world and all its beauty like never before. In this moment, it's important to also recognise the here and now and acknowledge the unprecedented times we are all facing.

But wonder exists outside of the present and is found in places we can't always reach at this time. Places and experiences we can't wait to share with you once again. So at this time of uncertainty, remember one thing is for certain – wonders never cease. And some of the best memories are yet to come, so keep dreaming and let us inspire you.

To get things started, join us to look back at some of the awe-inspiring wonder moments captured on our recently-completed first season in Antarctica with Scenic Eclipse.

A truly wondrous few months in the most beautiful place Earth.

Adventure and discovery in Antarctica

The landing page features a large hero section with a banner image of people in a zodiac boat near a massive iceberg. Below the banner are three cards: 'Introducing... Antarctica' (Discover More), 'What to pack' (Travel Tips), and 'Explore Scenic Eclipse' (Take the Tour). A section titled 'Antarctica in Depth' follows, containing two articles: 'Uncarting Antarctica: A Timeline of Discovery' (February 24, 2020) and 'Drake Passage: History and Adventure on the Brink of Civilisation' (February 03, 2020). Each article includes a thumbnail image, a date, a title, a brief description, and a 'READ MORE' button.

▲
The page was split into different sections including short articles, in-depth stories, video highlights and user generated content through Instagram.

WEB LANDING PAGE

Wonder Campaign

The landing page featured links to featured articles, travel tips and in-depth stories on different tours. I also worked with the digital team to create a new video section template.

The landing page was designed using existing templates and components in Sitecore CMS.

A dark-themed video section titled 'Featured Videos'. It begins with a large video thumbnail showing a close-up of a seal's head above ice floes, with a yellow play button overlay. Below this are three smaller video thumbnails: 'Drakes Passage, Antarctica' (S 33° 51' E 151° 12'), 'Deception Island, Antarctica' (S 33° 51' E 151° 12'), and 'Elephant Island, Antarctica' (S 33° 51' E 151° 12'). Each video thumbnail has a yellow play button overlay.

The landing page features a large, high-quality photograph of the Emerald Azzura super yacht sailing on the Adriatic Sea. In the background, the historic city of Dubrovnik is visible across the water. The Emerald Yacht Cruises logo is at the top left, and a search bar and contact information are at the top right. The main headline "Introducing Emerald Azzura" is centered over the image, with a "DISCOVER OUR YACHT" button below it.

LANDING PAGE**Emerald Azzura**

As part of the launch for Emerald Yacht Cruises, I helped to create a new website using existing template components, and worked with the digital team to artwork and manage the assets for upload.

The mobile version of the website shows a smaller version of the main landing page image. The Emerald Yacht Cruises logo is at the top left, followed by a phone icon and a menu icon. The headline "Introducing Emerald Azzura" is displayed prominently, with a "DISCOVER OUR YACHT" button below it.

Say hello to
Emerald Azzura

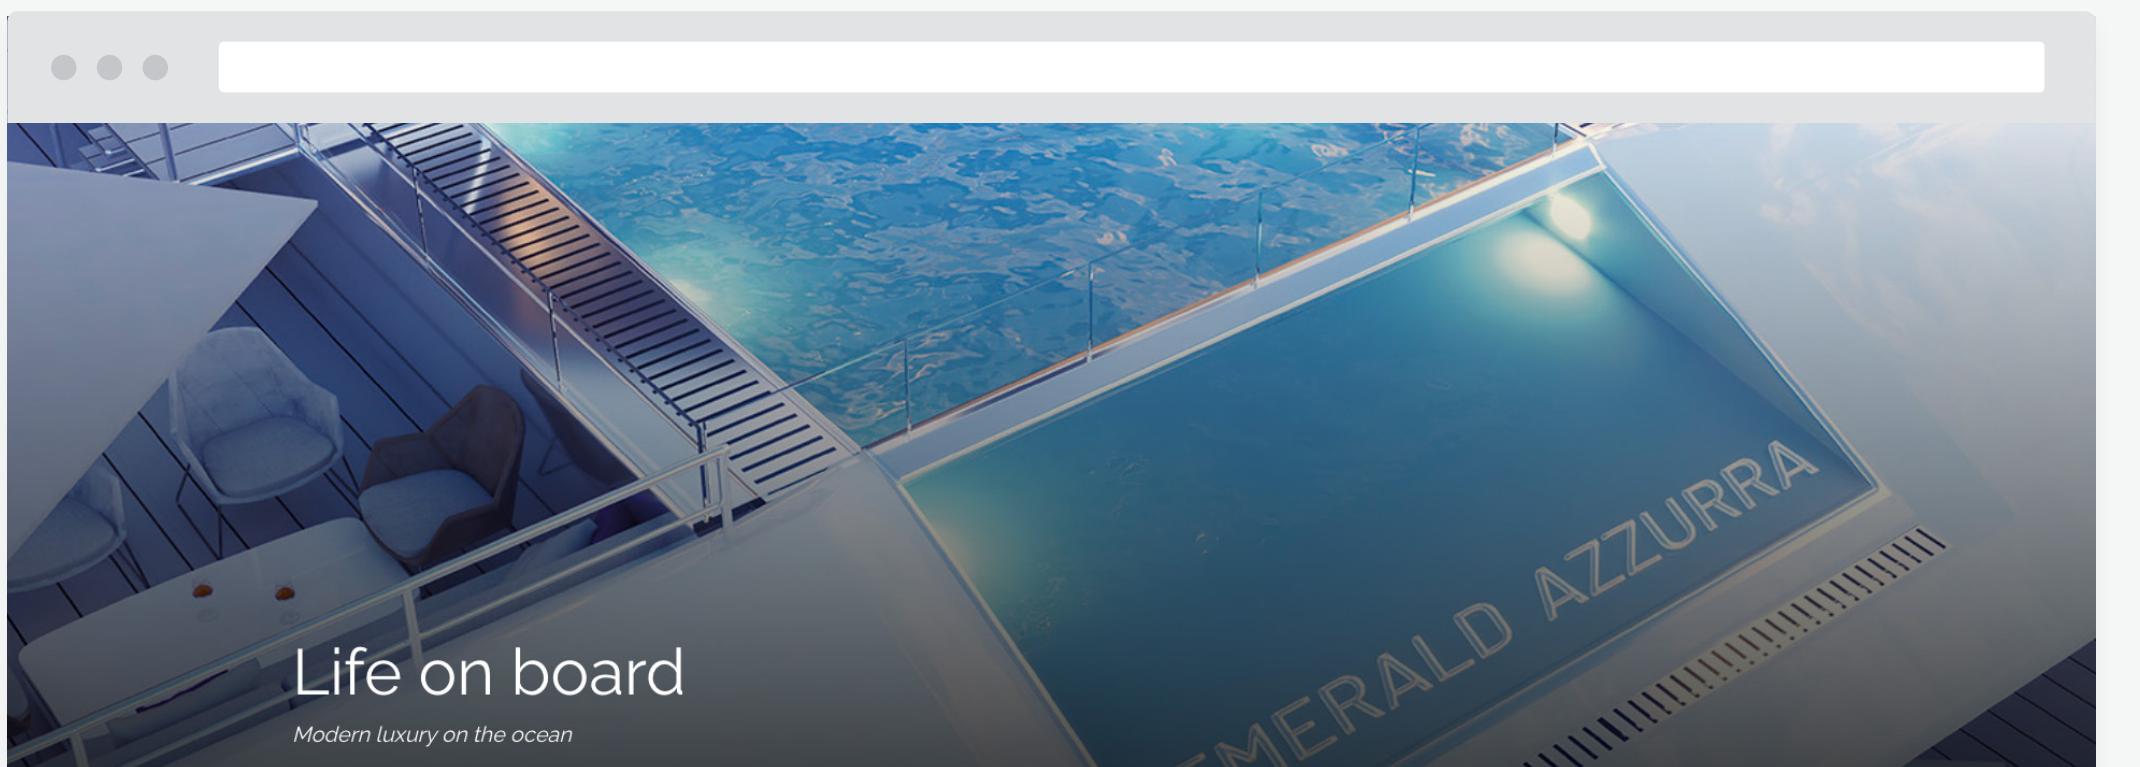

Emerald Waterways brings our award-winning reputation and service to the world's oceans and coastlines, as we introduce Emerald Yacht Cruises and our brand new, innovative super yacht, Emerald Azzura. Custom-designed to allow unique access to the fascinating ports and harbours only small yachts can reach.

Let us take you on a journey, off the beaten track and along timeless trade routes, on board our bespoke super yacht, Emerald Azzura. Discover some of the oldest communities to have ever existed, explore the crystalline waters connecting stunning island groups and even uncover the mysteries of the Holy Land.

Experience the rich history of the East & West Mediterranean, the exciting ports of the Adriatic Coast and the abundance of natural and archaeological wonders of the Red Sea with Emerald Yacht Cruises.

Introducing
our collection

Life on board
Modern luxury on the ocean

We are delighted to announce the launch of Emerald Yacht Cruises, and our brand-new, innovative super yacht, Emerald Azzurra, which promises to exceed your yacht cruising expectations.

Enjoy generous inclusions and lavish amenities across six beautifully appointed decks, such as the stunning infinity-style pool, the thoughtfully designed marina platform, perfect for jumping in for a swim, and our impressive collection of suites and staterooms.

Luxury and innovation across six decks

- Deck 7: Sky Deck**
 - Spa Pool
 - Sky Bar
- Deck 6: Pool Deck**
 - Pool Café
 - Pool & lounge area
- Deck 5: Panorama Deck**
 - Open viewing area
- Deck 4: Observation Room**
 - Observation Lounge
 - Open viewing area
 - Guest Laundry
- Deck 3: Emerald Deck**
 - Horizon Bar & Lounge
 - The Terrace
 - Gift shop
 - Reflections Restaurant
 - Reception
- Deck 2: Wellness Deck**
 - Well-equipped gym
 - State-of-the-art sauna
 - Indulgent spa
 - Hairdressers
 - Marina platform

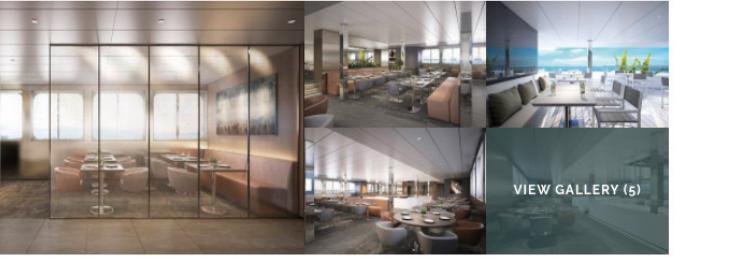

[FIRST LOOK AT EMERALD AZZURRA](#)

Dine

Fine à la carte dining and sumptuous breakfast and lunch buffets in the serene setting of our spacious Reflections Restaurant, take inspiration from the Mediterranean path we're navigating.

Expect fresh, locally sourced dinners, thoughtfully crafted by our expert chefs, with complimentary sommelier-paired wine, beer or soft drinks with lunch and dinner.

And, in the evening, once you've enjoyed your meal, you can head to the back of the restaurant to appreciate the ocean breeze from our large al fresco terrace, before a nightcap in the plush, relaxed location of the Horizon Bar & Lounge.

[VIEW GALLERY \(5\)](#)

DESKTOP PAGES**Emerald Azzura**

For each page on the site I created hi-res wire-frames utilising built in templates and sourced image assets, which was then handed over to the digital team to build and upload.

The microsite featured pages that showcased different areas on the ship, and included an overview of the staterooms and floorplans.

Oceanview Stateroom

You'll find six of our superb value Oceanview Staterooms on the Emerald Deck, situated towards the front of the yacht, each with their own ocean-view window.

Instantly settle in with our selection of included modern amenities and make the most of your close proximity to the Horizon Bar & Lounge.

- An ocean-view window
- Queen-Size or twin hotel-style beds with the finest Egyptian cotton linen
- Bathroom with shower indulgent toiletries and hairdryer
- Complimentary bathrobes and slippers
- Complimentary water restocked daily
- Flat screen HDTV and infotainment system
- Complimentary Wi-Fi
- Individual climate control
- Mini-bar
- Personal safe
- Umbrella
- Telephone

[VIEW FLOORPLAN](#)

Balcony Stateroom

Divided between the Observation and Panorama decks, our Balcony Staterooms are your stylish home-away-from-home.

Featuring everything you'd expect from a world-class hotel, each one includes your own private balcony, from which to enjoy the stunning panoramas.

- Your own private outdoor balcony
- Queen-size or twin hotel-style beds with the finest Egyptian cotton linen
- Bathroom with shower indulgent toiletries and hairdryer
- Complimentary bathrobes and slippers
- Complimentary water restocked daily
- Flat screen HDTV and infotainment system
- Complimentary Wi-Fi
- Individual climate control
- Mini-bar
- Personal safe
- Umbrella
- Telephone

[VIEW FLOORPLAN](#)

Deluxe Balcony Stateroom

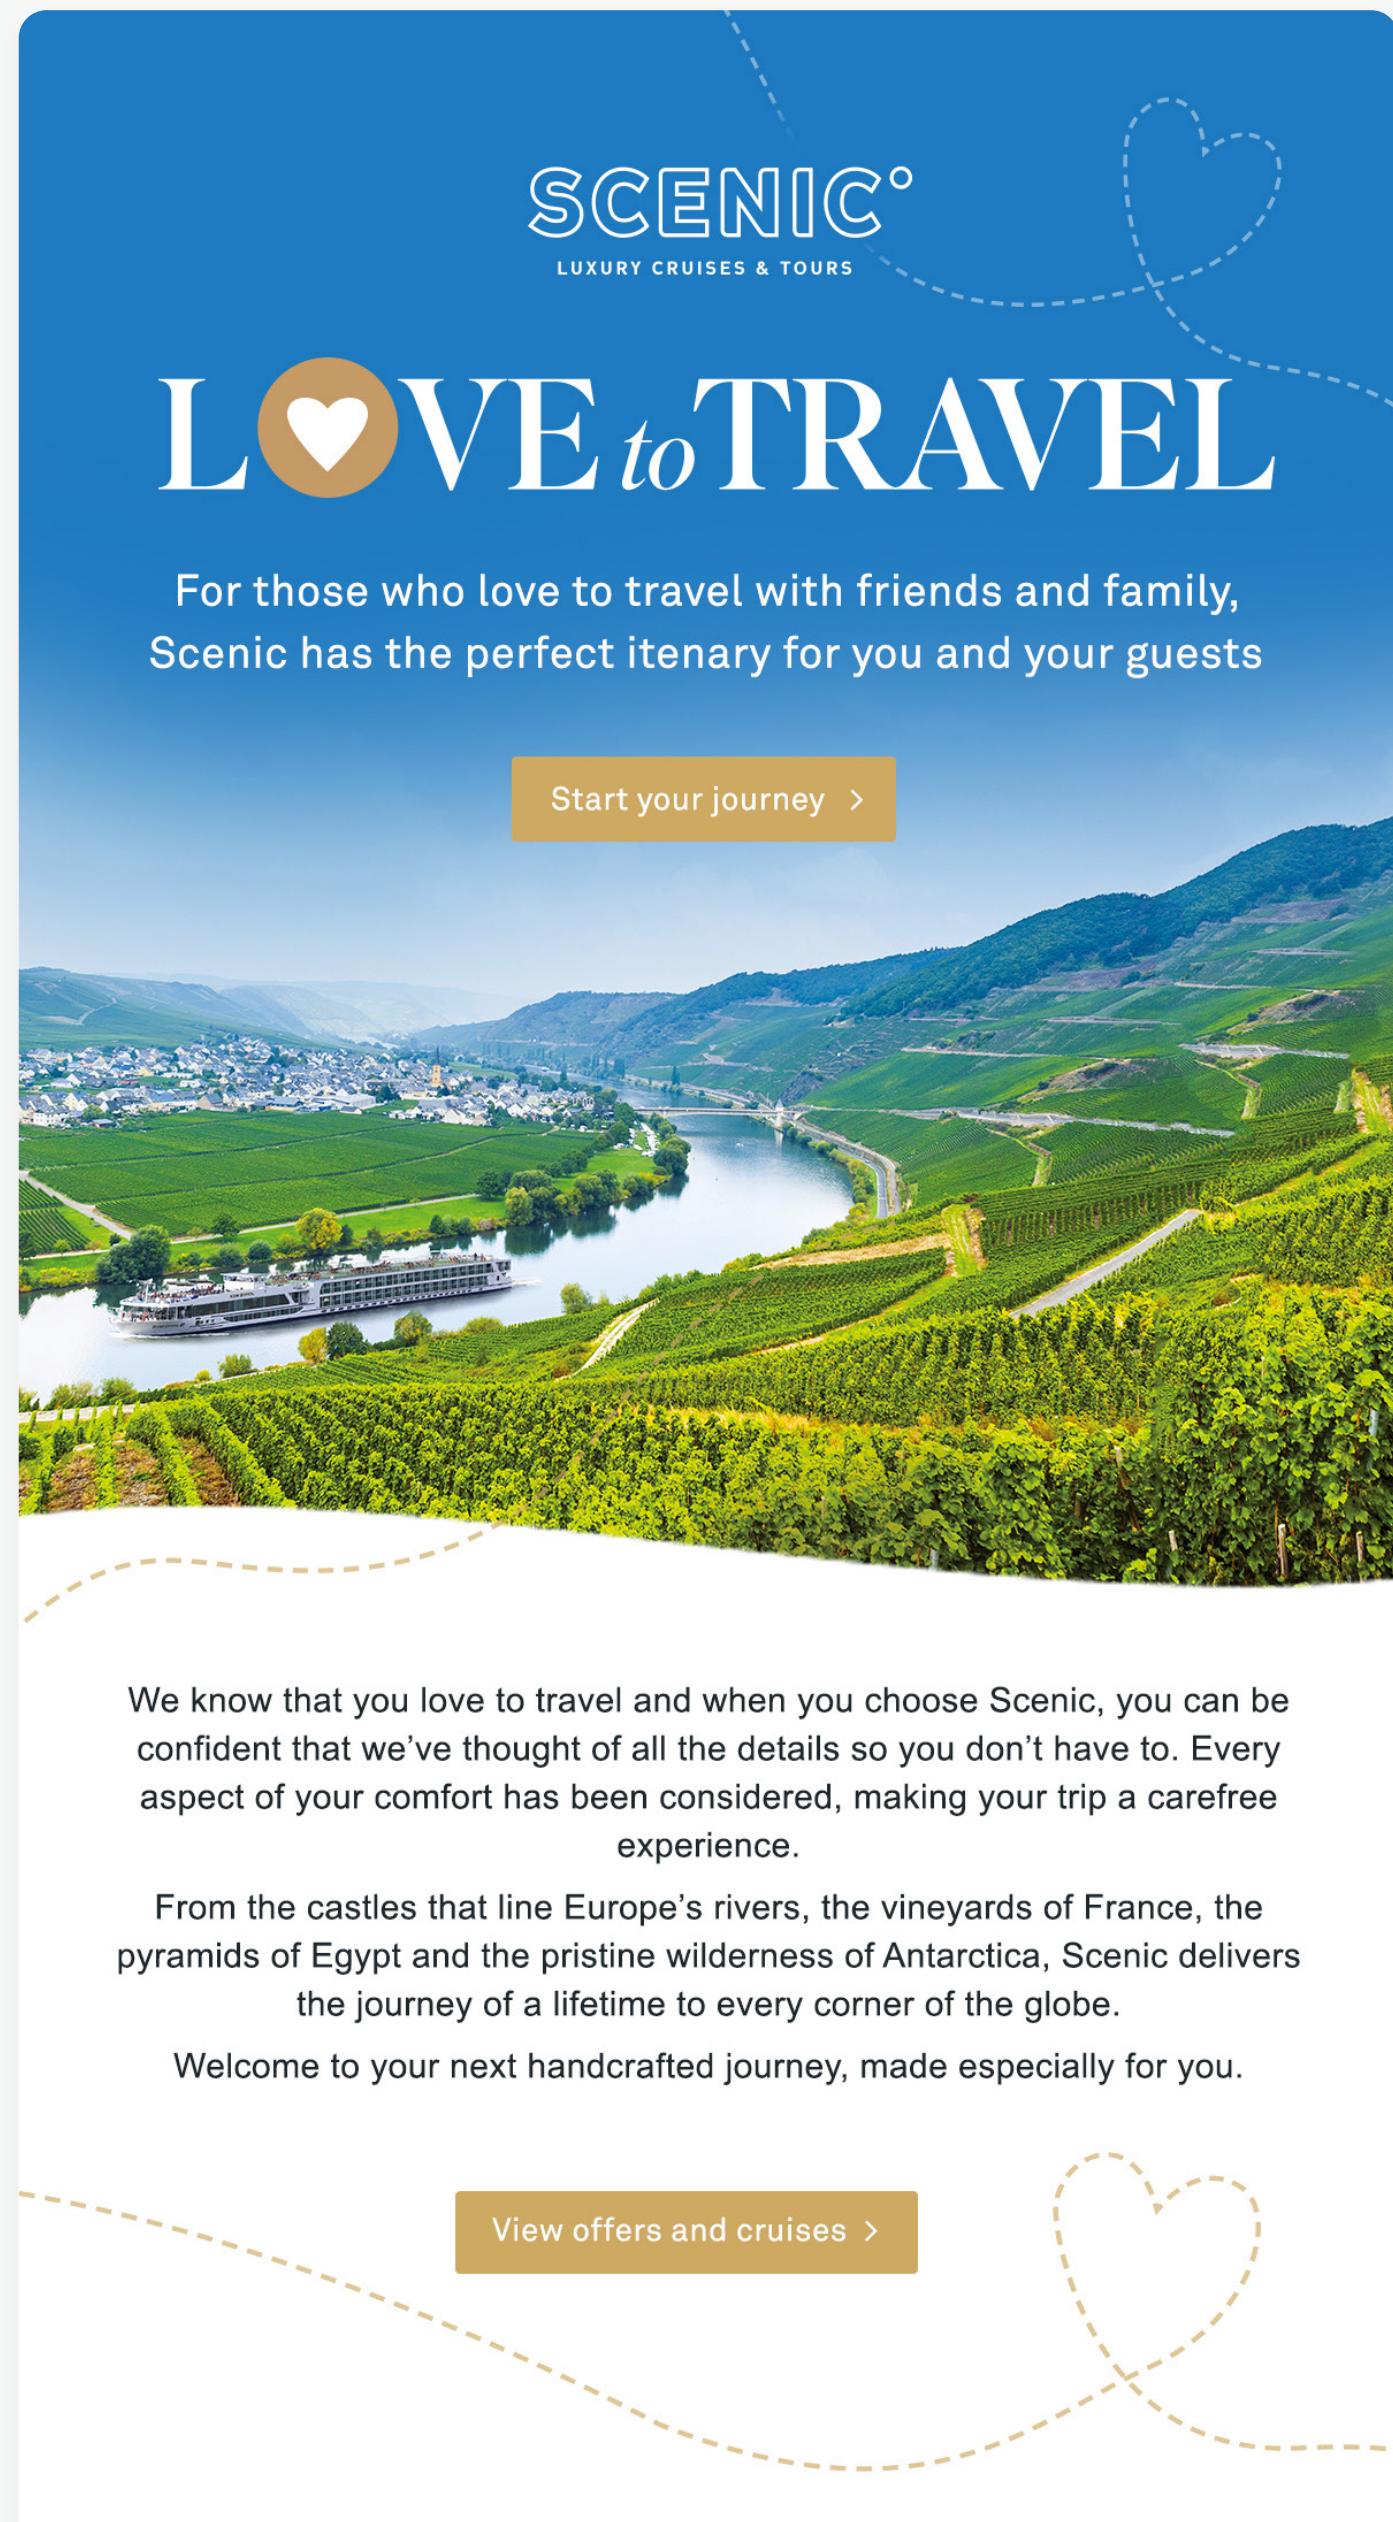

Wonderfully positioned at the back of the Observation Deck, you'll be treated to sensational ocean and coastal views from your large private terrace.

Along with a private balcony, additional inclusions consist of coffee and tea-making facilities and a pillow menu for the perfect night's sleep.

- Your own private outdoor balcony
- Walk-in wardrobe
- Queen-size or twin hotel-style beds with the finest Egyptian cotton linen
- Pillow menu
- Bathroom with shower indulgent toiletries and hairdryer
- Complimentary bathrobes and slippers
- Fruit platter on arrival
- Complimentary water restocked daily
- Flat screen HDTV and infotainment system
- Complimentary Wi-Fi

EMAIL NEWSLETTERS**Scenic Campaigns**

I worked with CRM to design marketing led emails for a range of campaigns and promotions, as well as general CRM emails from trigger points such as online brochure requests.

DIGITAL TILES

Scenic Campaigns

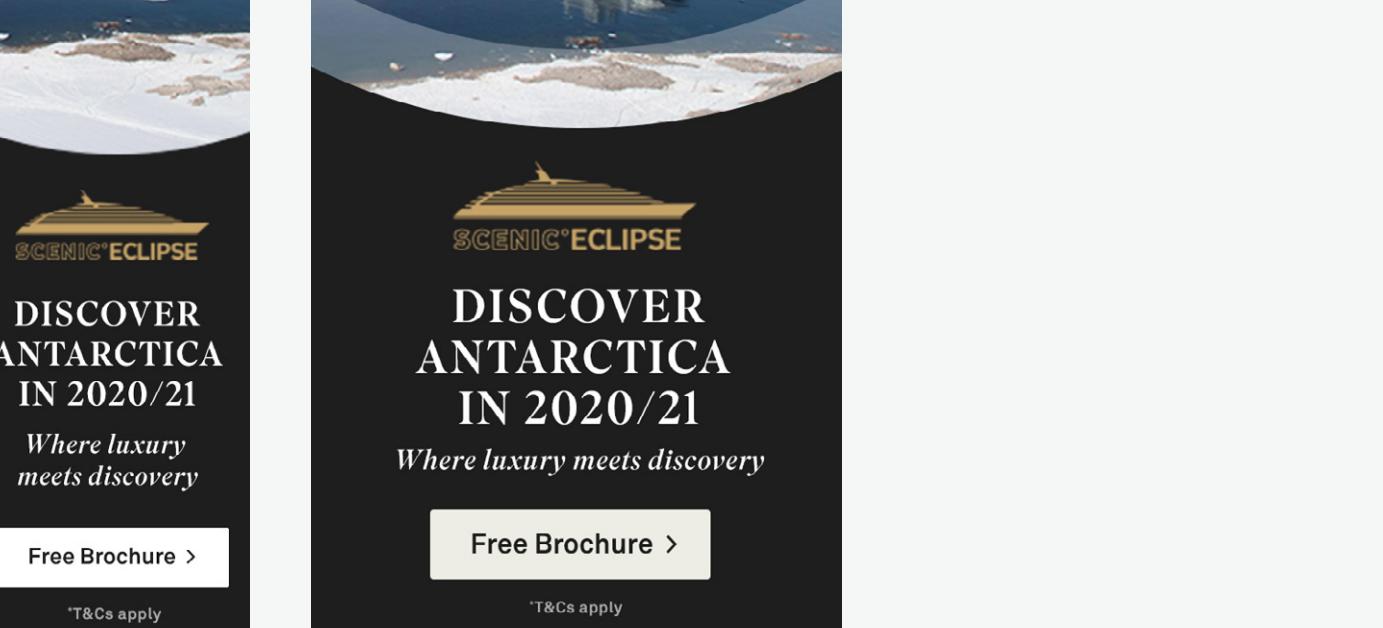

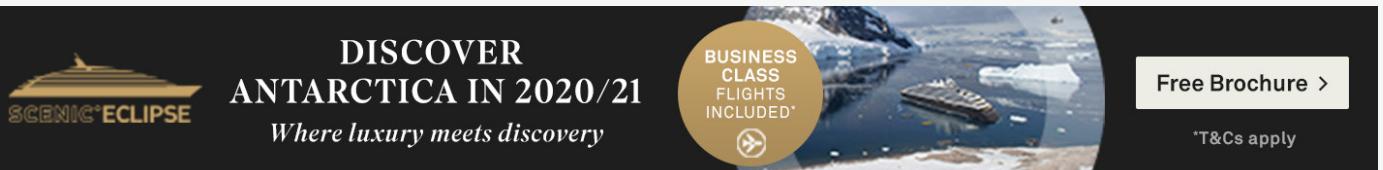

For each product campaign, I created a series of tiles that can be shared by travel agents and suppliers including social media banners, EDM hero images and email signatures.

European River Cruising

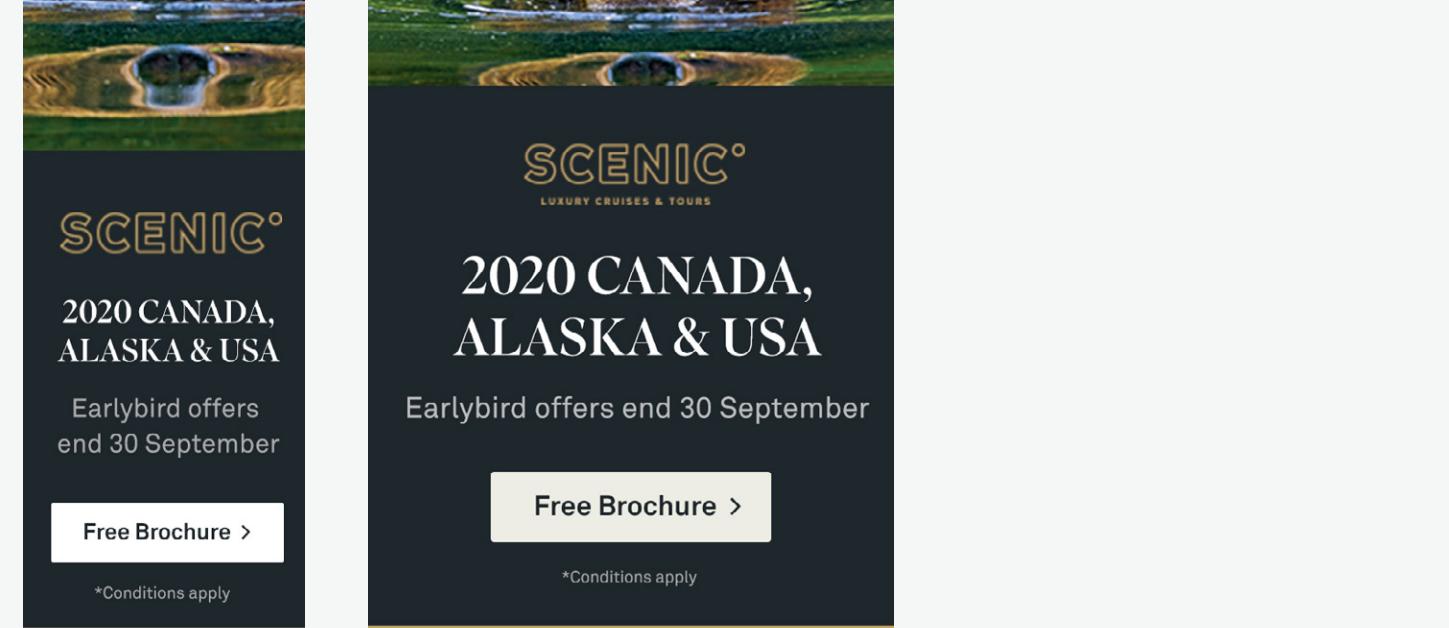

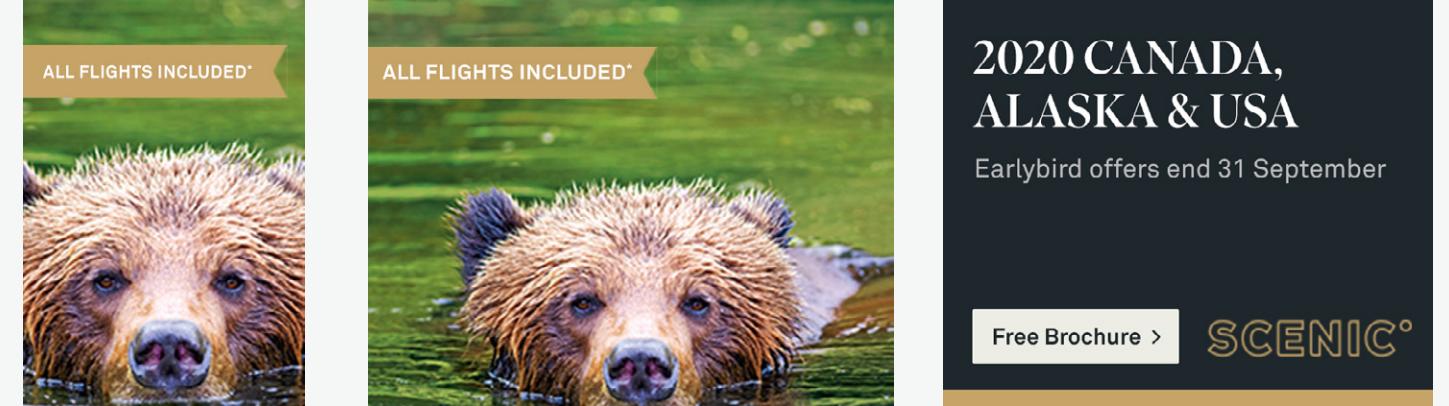

**DIGITAL DISPLAY BANNERS****Scenic Campaigns**

Using Photoshop and Adobe Animate, I created a number of digital display ads for different product and campaign launches. These include motion and interactive effects using fading overlays, text transitions and button hover states.

MADE.COM

Autumn Winter 17 Lookbook

At MADE we believe that great design is for everyone. Our stripped-back business model means we work directly with designers and manufacturers to bring you fresh new furniture designs at affordable prices.

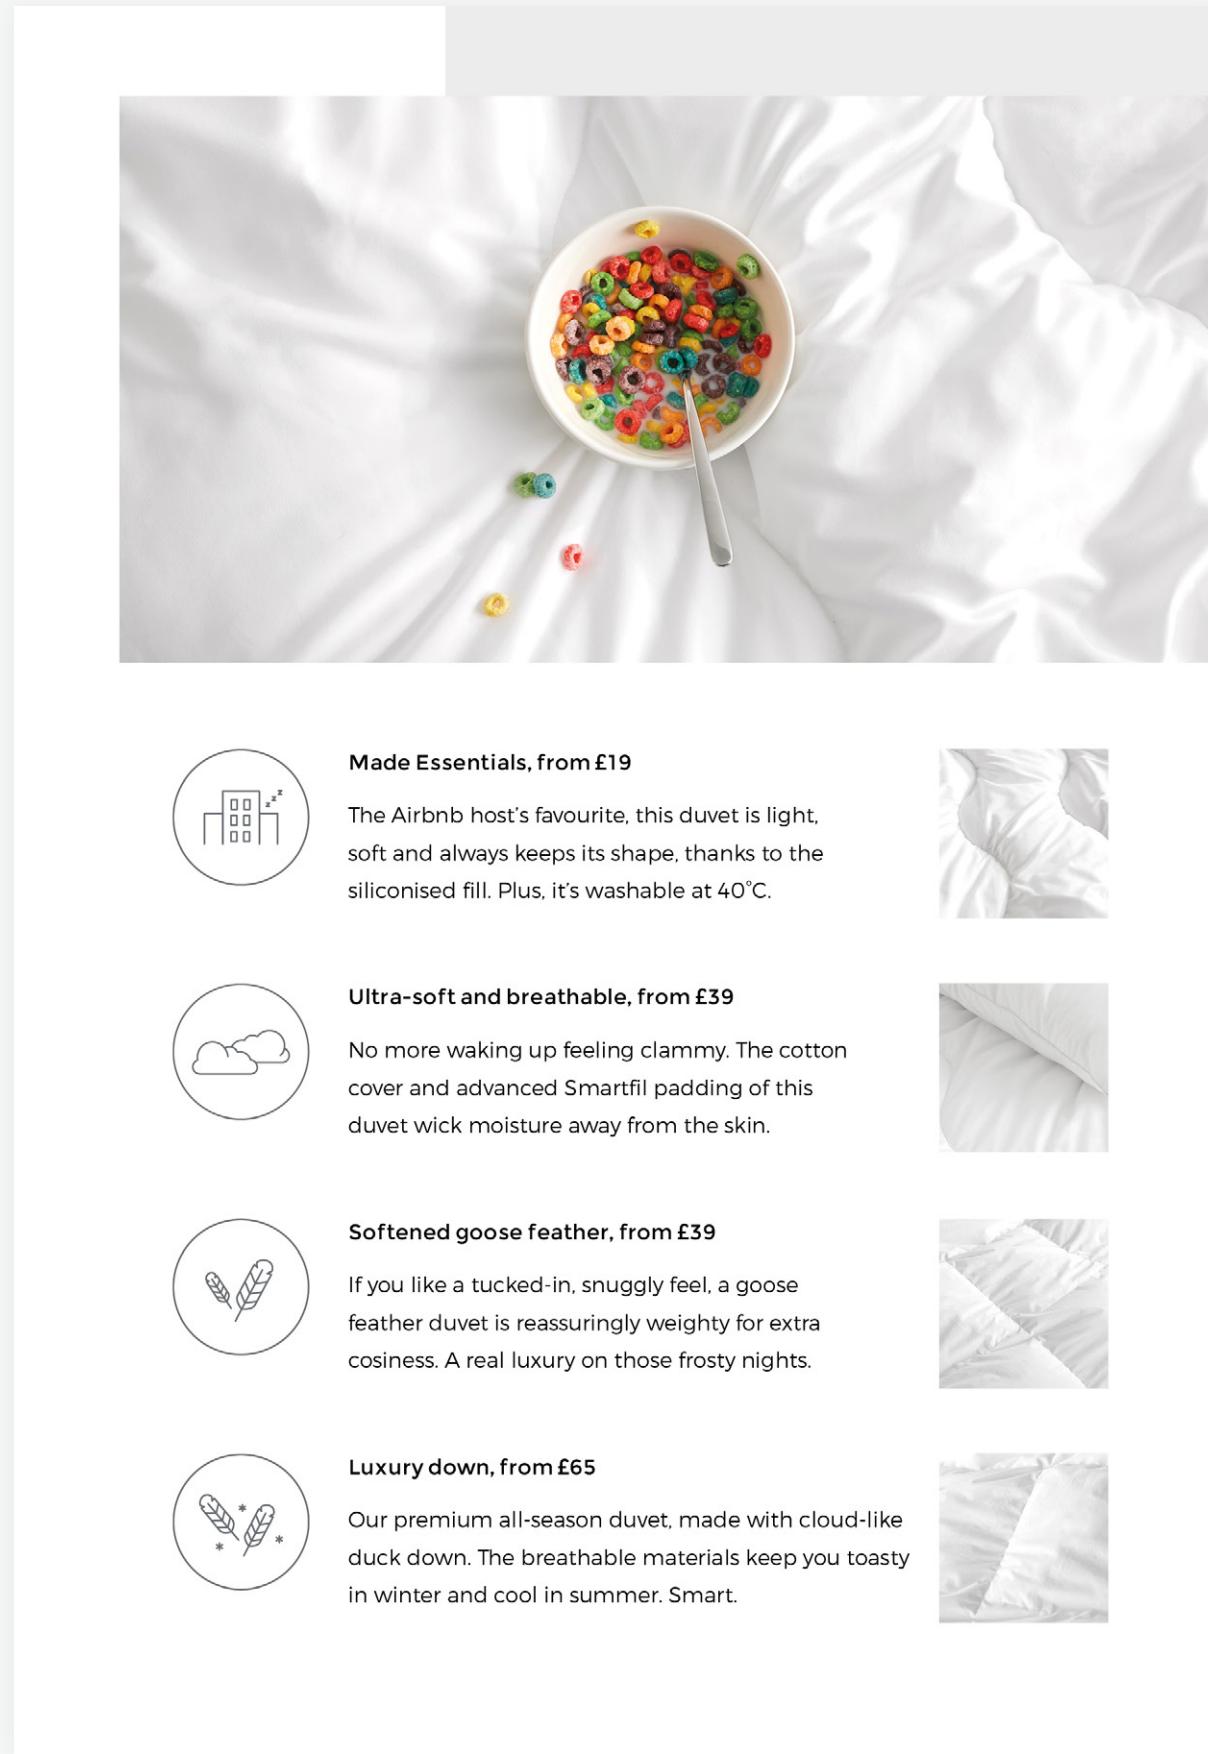

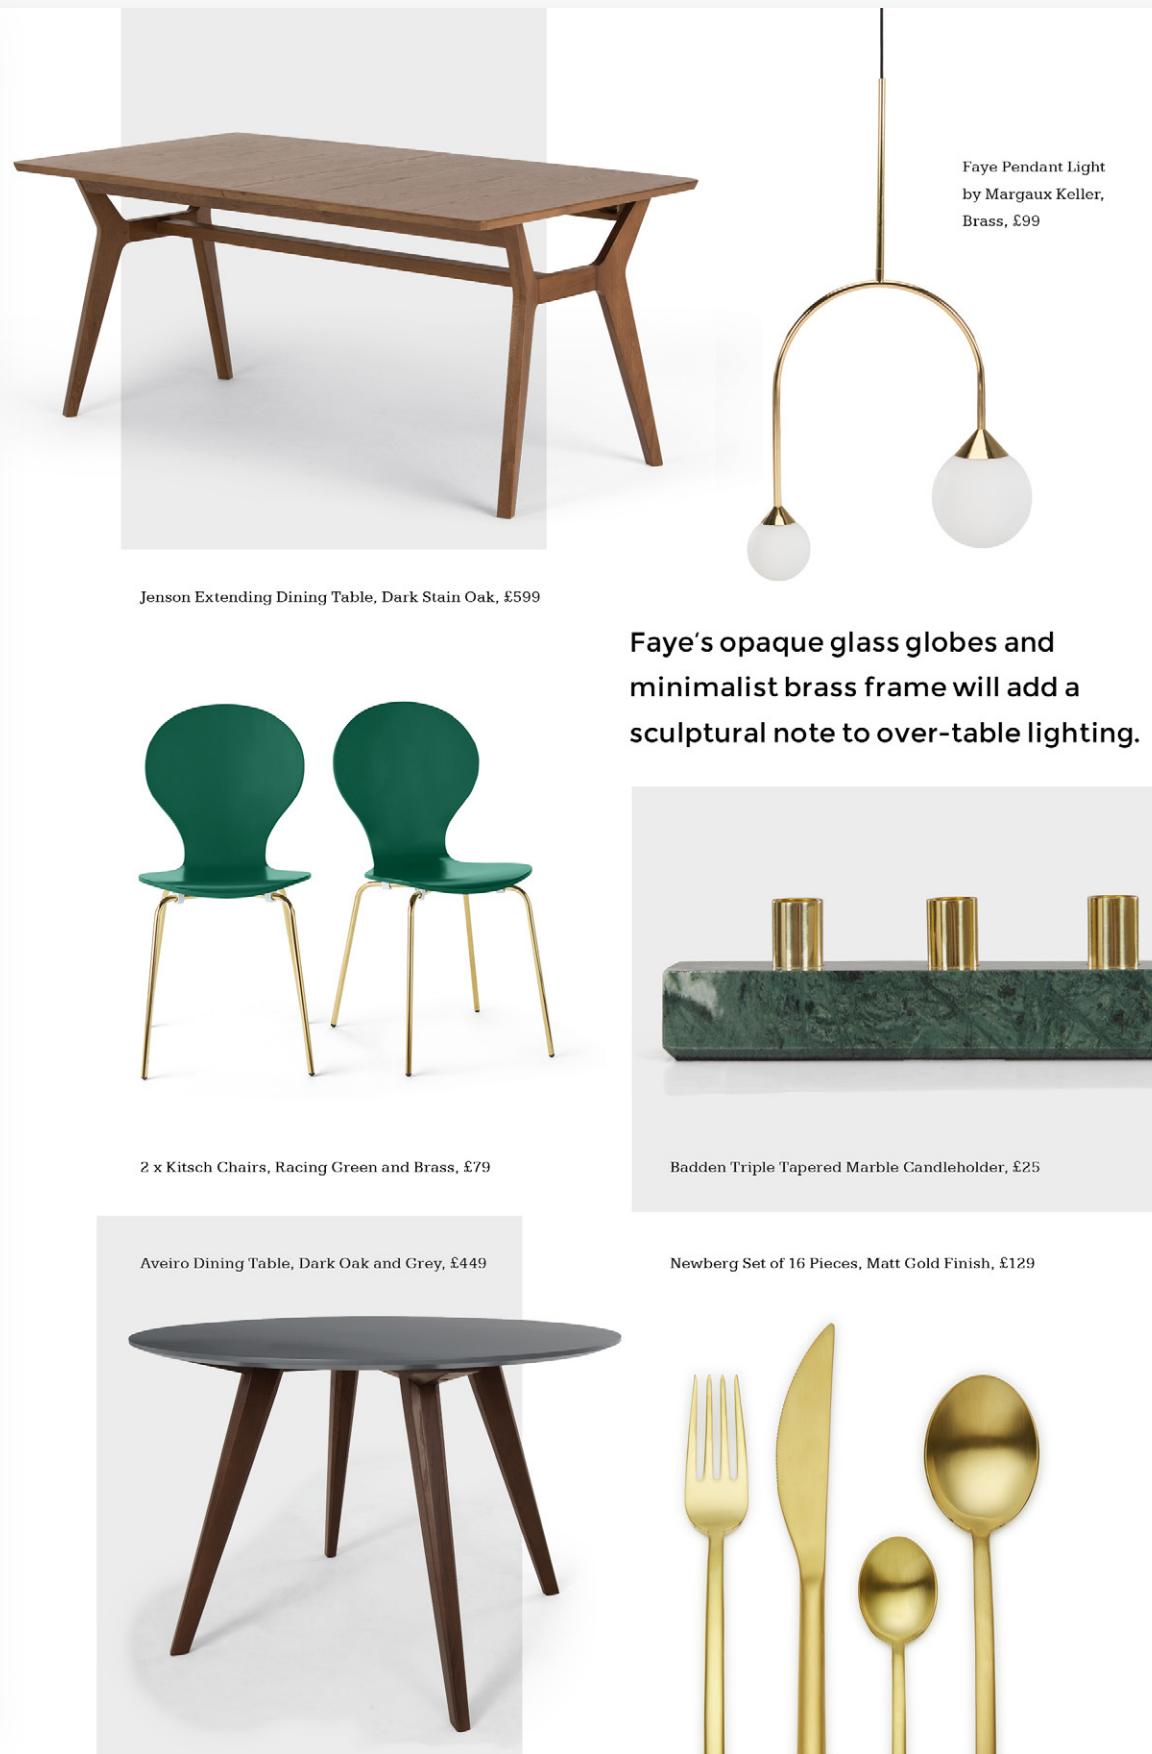

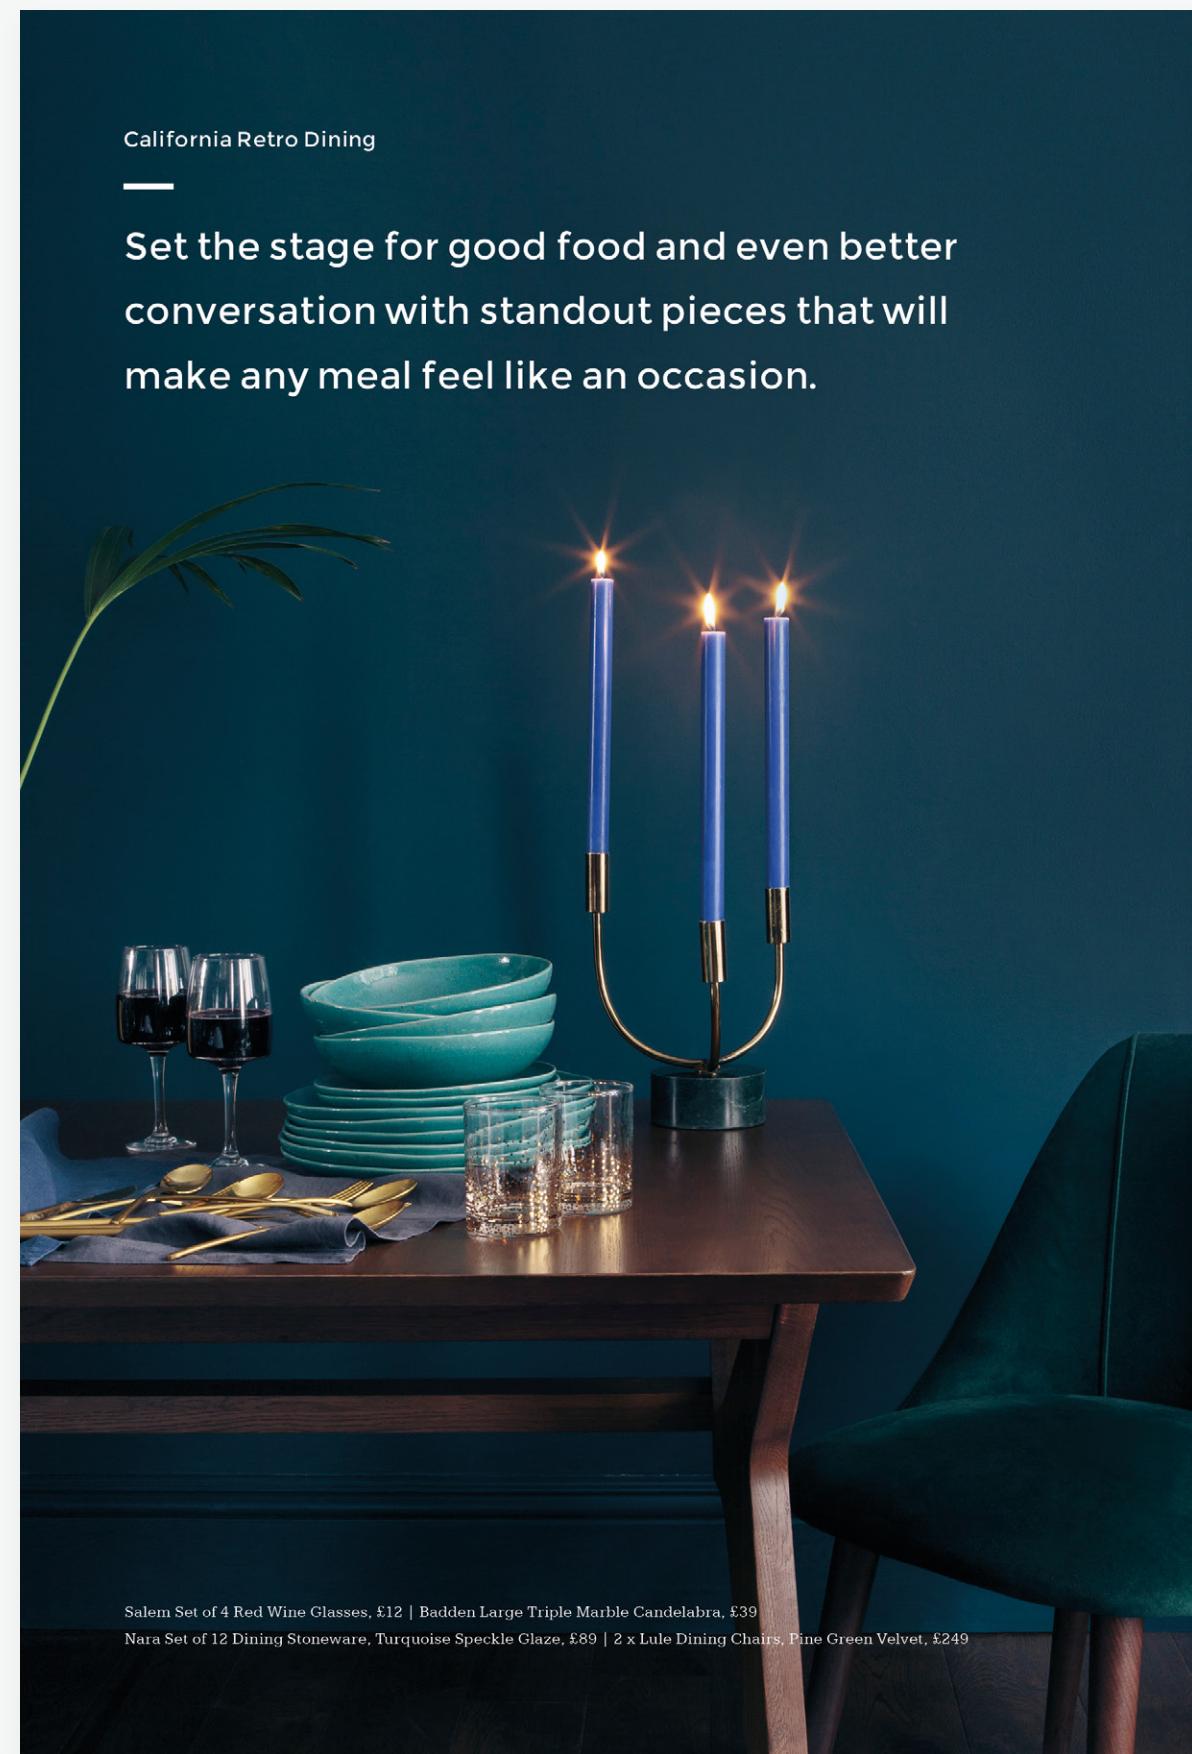

The festive season is coming, but that doesn't just mean darker nights and decking the halls. We say avoid the clichés and create stylish spaces that work for you, whether you're cocktail making, festive-food sharing or overnight-guest accommodating.

New this season is our MADE Essentials line that's high on design but not expense, so you can kit out every room in the house without spending a fortune.

And, if you're struggling to find a present for that tricky-to-buy-for person, MADE Gifts has got you covered. So, whatever you need - be it a quick remix or a complete overhaul - our lookbook will help you get new-season sorted.

**A5 BROCHURE****Autumn / Winter Campaign**

As part of the Autumn / Winter campaign I worked with art directors, product and marketing teams to produce a 32-page lookbook.

**A5 BROCHURE****Autumn / Winter Campaign**

I worked with marketing and product teams to select all of the product, so that it would work visually with the campaign images and layout concept.

I created a series of icons for each duvet to showcase the different product attributes.

**Gallagher Energy Practice
Australia & New Zealand**

Tap Gallagher's regional and international energy expertise

Gallagher
Insurance | Risk Management | Consulting

Why partner with Gallagher?

Partner with an insurance provider with deep understanding of the industry and the capacity to meet the full range of energy sector needs, from exploration to decommissioning and mergers and acquisitions. Gallagher Energy operates from a number of locations globally and is represented by major hubs in the Australia, New Zealand, Asia, Europe, Africa and Americas areas. Our energy sector experts are familiar with the complex challenges and changing conditions in exploration, production and distribution of energy sources, and we have the ability to secure optimum solutions. Our goal is to support long-term growth and success for your business.

Global capacity supported by local service delivery

From discovery to decommissioning, it's experience that counts. Whether your objective is to de-risk the balance sheet, enter a new market or prepare for the unexpected, Gallagher's energy practice can help you do more than just transfer risk. The Gallagher Australia New Zealand team leverages both domestic and international relationships which, combined with bespoke policy wordings and financial products, ensure that our clients receive beneficial terms and conditions – because we know who to approach and when to approach them.

Gallagher provides insurance to 7 of the world's 25 largest energy companies
Forbes, World's Biggest Energy Companies 2016

2 Gallagher Energy Practice - Australia & New Zealand

Gallagher's Australia and New Zealand energy insurance offering

Gallagher's services include

A team of specialists who work with your business
Our senior 'big risk' practitioners are on hand to provide proactive advice and support your business 365 days a year, not just at renewal time.

Tailored solutions that respond to what you need
We utilise bespoke policy wordings which give our clients the broadest cover available, and provide layering and mosaic placement options as necessary.

Access to specialised market facilities
Including the Australian Petroleum Exploration Insurance facility (APEX), as well as international energy insurance providers. Gallagher also provides a customised reinsurance service.

Priority claims service
Gallagher provides demonstrated strength in claims handling, both in Perth and London, with relevant experience third party liability and first party claims.

Team of 100+ 

international energy experts

We service 400+ 

clients across six continents

Our clients operate across 20 

unique energy subsectors

Tap Gallagher's regional and international energy expertise 3

A4 BROCHURE**Energy Practice**

Working within existing guidelines, I worked with a brand manager and copywriter in the creation of a 32-page brochure to promote Gallagher's insurance offering.

The design for the brochure was clean and professional, with key information brought out using pull-quotes, coloured headlines and icons.

Access to international markets, informed placements, competitive terms

Gallagher's Australia New Zealand energy experts work with their counterparts operating out of our Singapore, London, Calgary and Houston practice hubs to achieve solutions and placements, while handling all aspects of our clients' business at a local level.

We adopt a customised approach using a combination of quantitative modelling and relevant qualitative factors for each client in order to deliver a tailored product and risk management solution. With a range of underwriting facilities with insurers committed to offering highly competitive terms and alternative policywordings, we are able to continually test the parameters of available coverage.

Comprehensive industry insurance coverage

Services

- upstream
- midstream
- downstream
- renewables
- cross class
- risk consulting.

Specialist Areas

- upstream energy market
- onshore and offshore exploration
- oil and gas production, supply and distribution
- CSG/CBM exploration and production
- hot rock and geothermal drilling
- LNG plants
- onshore and offshore pipelines
- contracting to the oil and gas industry
- petrochemical plants
- construction of any of the above facilities.

Products

- business interruption
- loss-of-revenue and loss of hire
- cargo and marine cargo
- construction insurance including delay in start-up (DSU)
- control of well/operator's extra expense
- cyber risks
- environmental impairment liability insurance
- full political violence cover including terrorism, sabotage and war
- machinery breakdown and defective design
- natural catastrophe cover
- political risks and fair/unfair calling of bonds
- property damage insurance
- protection and indemnity cover
- renewable project performance guarantee
- third party/excess liabilities
- decommissioning liabilities
- weather derivatives cover.

The Gallagher Difference

- We promote a partnering attitude not only with clients, but with supporting insurers, encouraging stable, long-term involvements.
- We address the market proactively, creating placement tools that provide benefit to our clients, such as specialised market facilities.
- Along with independently reviewed bespoke policy wordings these facilities offer our clients market capacity with beneficial terms and conditions and the broadest possible cover.

Upstream

Gallagher's energy team has significant and recent experience in working with upstream energy clients. This includes assisting them with the preparation and execution of a marketing program, both in Australia and abroad. We also have a number of relationships for arranging engineering surveys, valuations and other specialist services.

Operational insurance

Gallagher has arranged cover for some of the world's largest offshore construction projects. Our clients include exploration and production companies, drilling contractors, oilfield service companies and integrated energy companies. Our specialists' experience ranges from arranging and managing insurance programs on behalf of independent companies through to representing some of the largest oil and gas companies operating globally.

Decommissioning

Gallagher has nearly 20 years' experience pioneering and developing solutions for decommissioning, including security enabling licence holders to demonstrate that they have the financial capability to dismantle and remove the property, and offshore dismantling and removal projects policy wording supported by underwriting capacity committed to this specialist risk category.

Operational insurance

Our downstream expertise in the oil, gas and petrochemical sectors encompasses

- gas plants
- refining
- petrochemical plants
- liquefied natural gas
- infrastructure and utilities
- pipelines.

\$175m+

premium in recent exploration activities

Midstream

Gallagher's energy division has access to competitive rating, coverage and no requirements for surveys or engineering. We accept declarations with asset values up to a set limit on any one item, with additional coverage limits applying in addition to the asset value limit.

There are no sub-limits for wind, earthquake or flood and no separate retentions. We also provide resulting business interruption coverage. A streamlined underwriting process reduces administrative burden and enables prompt claims handling.

Downstream

Construction insurance

Gallagher Australia New Zealand specialists have extensive experience in the energy sector working on joint venture projects. They are supported by a 50+ international team of experts based in London, Calgary and Houston who specialise in construction risks and who have more than 20 years' experience with both offshore and onshore projects. We are currently placing construction all risk (CAR) policies for Total, Repsol and BP-operated projects that involve a number of joint venture partners.

Decommissioning

Gallagher has nearly 20 years' experience pioneering and developing solutions for decommissioning, including security enabling licence holders to demonstrate that they have the financial capability to dismantle and remove the property, and offshore dismantling and removal projects policy wording supported by underwriting capacity committed to this specialist risk category.

Operational insurance

Our downstream expertise in the oil, gas and petrochemical sectors encompasses

- gas plants
- refining
- petrochemical plants
- liquefied natural gas
- infrastructure and utilities
- pipelines.

**Rich in history,
solid in results**
Our mining insurance expertise
is your business advantage

Gallagher
Insurance | Risk Management | Consulting

**Industry experience
fuelled by our competitive edge**

We are global mining specialists. Gallagher has provided insurance to the mining industry for over 20 years, around the globe. Through this experience we recognise that mining companies are used to operating within volatile risk environments and understand that for them, strategic risk taking is an inherent part of success. Gallagher's mining specialists have supported our clients through the ups and downs of commodity cycles for over 20 years. We offer a broad range of risk and insurance products and services across the mining lifecycle to enable miners to capitalise on commercial opportunities.

We pride ourselves on doing things differently
The diversity of our book means we understand mining from many perspectives. We work with miners, financiers, investors and contractors around the globe, across 25 diverse commodities from gold and coal to lithium and uranium. Our senior brokers work on every account, regardless of size or premiums paid. Their experience makes the difference. We believe in tactical broking; aligning insurers locally and internationally to provide reliable robust support that extends beyond renewal periods and takes account of clients long term risk management objectives.

The true value of an insurance policy is claims performance, so Gallagher's claims team remains in-house.

"We adhere to the highest standards of moral and ethical behaviour."
Tenet 21 of *The Gallagher Way*

2 Rich in history, solid in results

Harnessing the power of our global networks

Gallagher's mining team stretches from the Americas, Europe, and Australasia through to our extensive experience in Africa and South America. We work with more than 500 clients with exploration, development and operational projects in more than 40 countries across the globe and 25 different commodities.

Gallagher's has experts in the world's leading mining financial centres and a network of specialist insurers based in mining insurance hubs such as London, Munich, Singapore and Johannesburg.

A4 BROCHURE**Mining Insurance**

Similar to the energy brochure, I worked with a brand manager and copywriter in the creation of a 32-page brochure to promote Gallagher's mining expertise.

Construction project expertise

Gallagher has developed a methodology to ensure each project's risk profile is well understood and communicated to insurers prior to construction.

In the lead-up from developer to operational miner, the importance of a sound risk management strategy combined with the right construction, ramp up and operations insurance is essential.

Our team has worked with an extensive number of transitioning projects, including but not limited to:

Australian projects

- Australian Mines
- Aztec Resources Koolan Island
- Bauxite Resources
- BHP Billiton - PACE and Mining Area C
- BHP Billiton Nickel - Ravensthorpe
- BMA Gold
- Boddington Gold Mine
- Bulong - Nickel Project
- Cawse - Nickel
- CopperCo - Lady Annie Project
- Focus Metals - 3 Mile Hill
- Fox Resources - Radio Hill
- GBS Gold Australia - Union Reefs
- Gold Fields Australia - St Ives
- Hillgrove Resources Kamkamto
- IMX Resources - Cairn Hill
- Integra Mining, Randalls Project
- Independence Group - Long Victor
- Jabiru Metals Limited
- Jindalee Resources Limited
- Karara Iron Ore Project
- Kimberley Diamond Company
- Magellan Metals
- Metals Exploration
- Minara - Murrin Murrin Port Facility
- Mincor - Mittel, Mariners, Redross, Wannaway Mount Gibson Extension Hill
- Mount Gibson Koolan Island Restart
- NuStar Mining - Paulsens
- Saracen Minerals - Carosus Dam
- Territory Iron
- Titan Resources
- View Resources - Carnyia Hill
- Wedgetail - Nullagine Project
- Woodside - LNG Train 4
- Worsley Alumina - Bunbury Port Facility

Global projects

- Adamus Gold - Ghana
- Azumah Resources - Ghana
- Anvil Mining Kinsevere - DRC
- Aquarius Platinum - South Africa
- Capricorn Resources - Gunpowder Copper
- Centamin - Egypt
- Cibaliung - Indonesia
- CGA Masbate - Philippines
- Dairi Lead Zinc Project - Indonesia
- Discovery Metals - Botswana

- Ramu Nickel - PNG
- Red 5 - Philippines
- River Ranch Diamonds - Zimbabwe
- Tiger Resources - DRC
- Troy Resources - Brazil
- Resolute - Mali
- Sissingue Gold Project - Côte d'Ivoire
- Tethyan Copper - Pakistan
- Upper Ramu Hydro Power Station - PNG
- Zimplats Plantinum - Zimbabwe

A4 BROCHURE

Mining Insurance

The project involved taking a simple word document with text and captions, then creating designs and final ready to print artwork.

Claims

At Gallagher we are committed to securing the best outcomes for our clients and believe the true measure of an effective insurance program is the ability to get claims paid in full, quickly.

How we ensure this happens

- Our claims team is headed by a dedicated claims manager. Gallagher's capability to provide in-house claims management services is further strengthened by the legal personnel in our service team.
- Claims management and negotiation is at the centre of what we do for our clients.
- We maintain a strict reporting process on all developments in claims, managed via regular teleconferences and/or meetings with our clients. We also benchmark insurer performance.

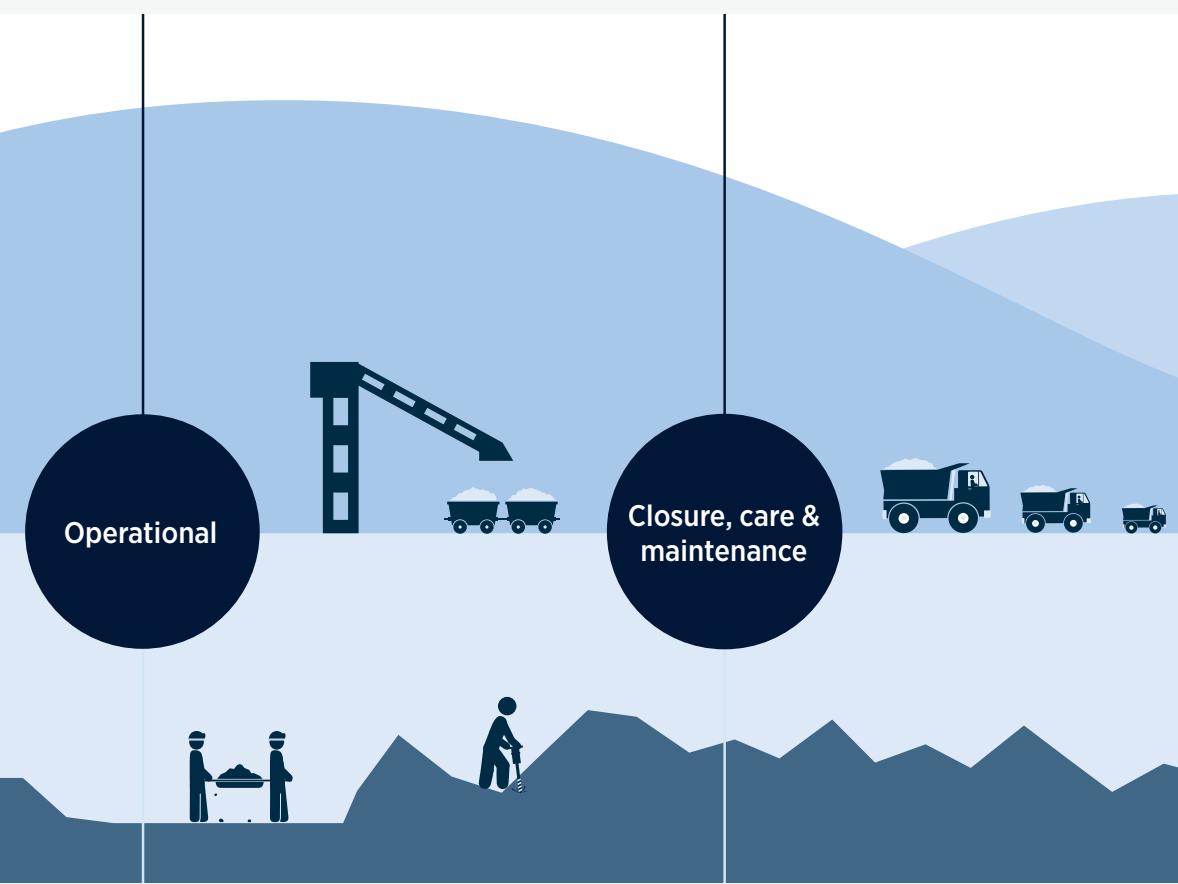

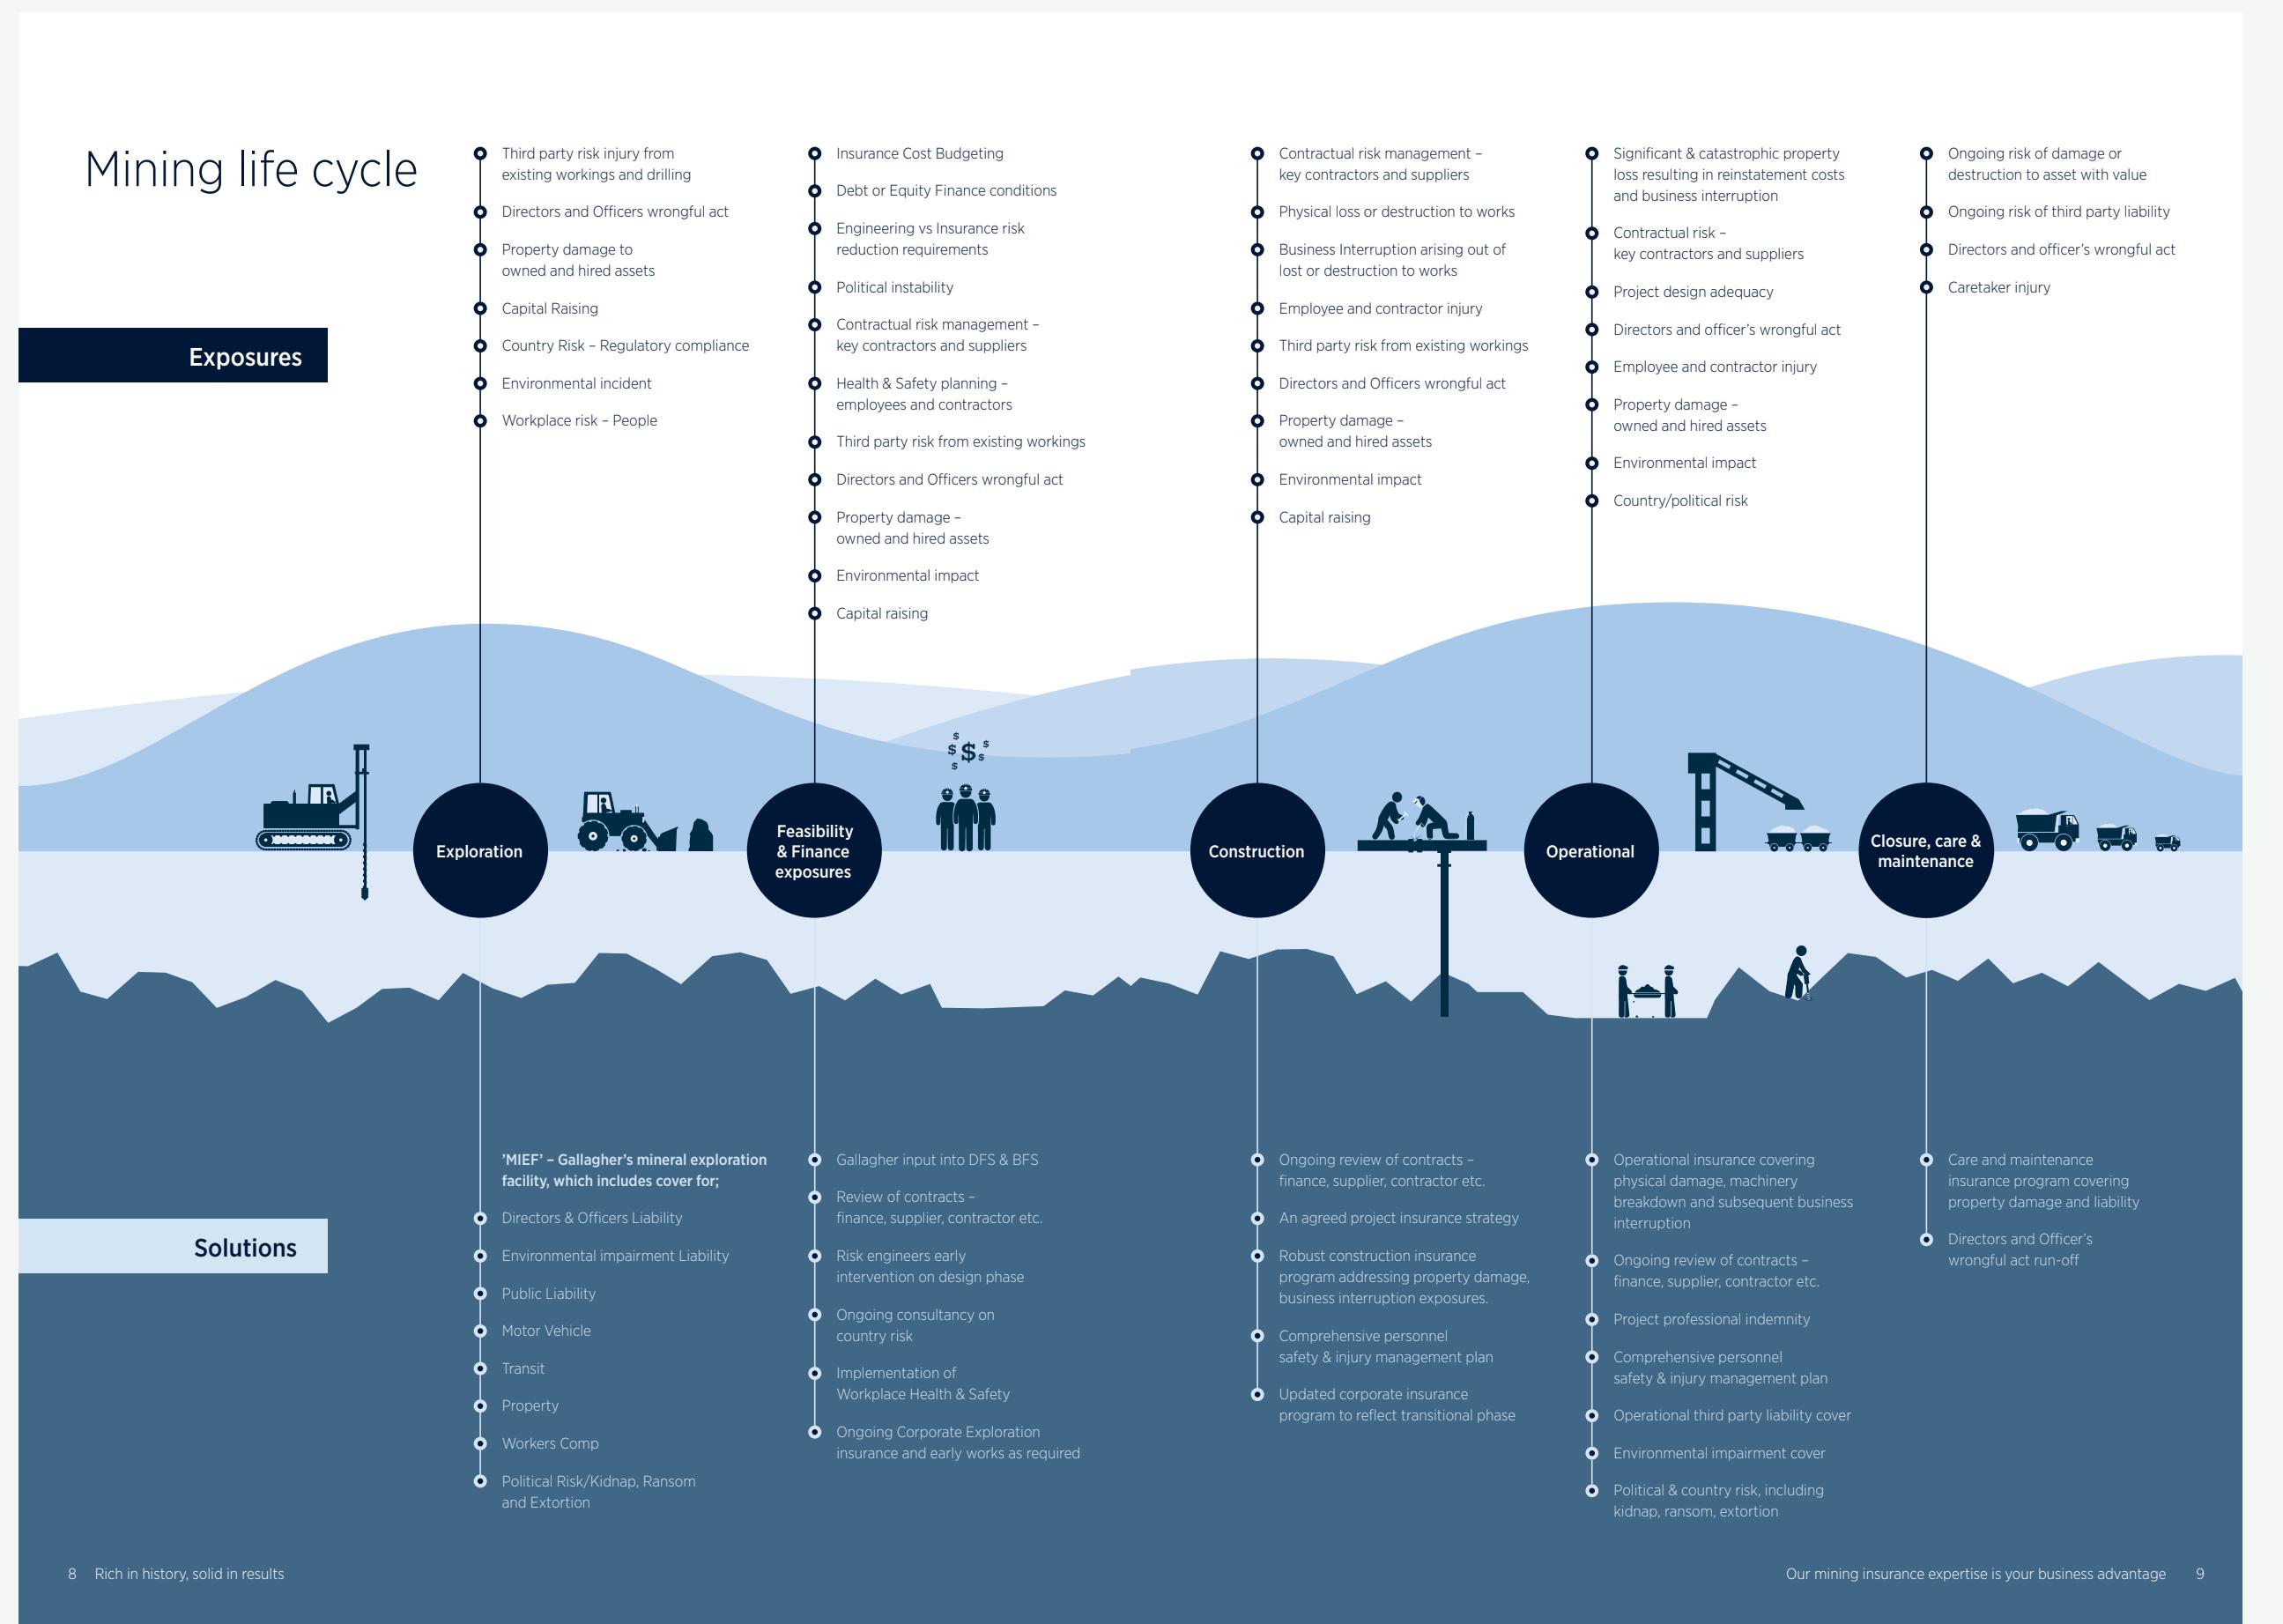

Client advocacy

- Our close relationships with insurers drive quick and effective outcomes.
- Our claims advocates can identify different types of damage and their nuances, and how this applies to a claims settlement.
- Our strong understanding of insurers' policies, claims procedures and critical aspects of case law that affect claims allows us to challenge incorrect decisions.
- Gallagher advocates hard for clients where we believe the policy responds appropriately.

Claims management

- Notifications of incidents is managed quickly to ensure that the conditions of the policy are adhered to.
- Our personnel are available for on-site visits with insurers and/or assessors where required.
- We assist with claims formulations and liaise with relevant stakeholders such as loss adjusters, lawyers and third parties.
- All related claims are coordinated and the client informed of excess sums, coverage and policy limitations.
- Gallagher nominates independent loss adjusters and, where required, has clients' preferred lawyers appointed.
- Gallagher deals with below deductible claims strategically and appropriately.
- We take responsibility for disbursement of claims payments.

**INFOGRAPHIC****Mining Life Cycle**

As part of the Mining brochure, I produced an infographic that detailed the different parts of the mining life cycle. This was also used across social media and internal promotions.

**SOCIAL MEDIA TILES****Energy Practice**

To compliment the A4 brochures, I designed a series of social media tiles with striking images and quotes that could be shared on Gallagher's LinkedIn channel.

The LinkedIn page shows the Gallagher company profile with 96,970 followers. It features a banner image of a wind turbine, a bio about addressing risk, and a post about managing political risk in Australia. The sidebar includes sections for Home, About, Jobs, Life, and People.

WIMBLEDON

During my time at Echo House, I was briefed to create a series of wall panels to go underneath Centre Court at the All-England Tennis Club, Wimbledon.

My role was to liaise with the client, create concepts based on the marketing brief, design, artwork and then finalise printing in time for the 2018 tournament.

Scale Mockup

Site Overview

The location for the panels ran along a main thoroughfare underneath Centre Court. They would be placed alongside traditional player panels listing the winners for each year.

GENTLEMEN'S SINGLES

LADIES' SINGLES

Large Format Panels

Gentlemen's & Ladies' Singles

The brief was to use a simple grid format so that each player would have their own box, with their championship wins listed underneath.

▲
Panels were printed on canvas, stretched over large wooden frames and backlit to make them more visible in a darker tunnel.

Wheelchair Singles & Doubles

I was responsible for the initial design, feedback ammeneds, final artwork, proofing and then oversaw printing and production in the studio downstairs.

▲
Larger scale crops were used for wheelchair winners in order to fit them into the frame.

WIMBLEDON 1877 - 1921

THE ALL ENGLAND LAWN TENNIS CLUB AT WORPLE ROAD

Ever since 1877, The Lawn Tennis Championships have been staged annually at Wimbledon. First at the ground just off Worple Road until 1921 and then at the present Church Road site from 1922.

The All England Croquet Club was formed on 23 July 1968. By 1870 the ground was laid out in three terraces, each containing four full-sized croquet lawns. It was opened in late May.

1877
The title of the Club was changed to The All England Croquet and Lawn Tennis Club. The first Lawn Tennis Championships, Gentlemen's Singles only, was staged on the 9-12 and 19 July. There were 12 courts available.

1880
Two movable stands were provided for spectators to watch the important matches on a court in the middle of the ground. This was the beginning of Centre Court.

1884
Ladies' Singles and Gentlemen's Doubles were added to the programme.

1888
The ground was improved by the erection of a new Entrance Gate. Sunday play by members was allowed on the ground for the first time.

1899
The title of the Club was changed to the All England Lawn Tennis and Croquet Club.

1908
Due to lack of space at the ground, the Club decided to move to larger premises and purchased land in Church Road in preparation for the opening of a new ground in 1922.

1913
"The World Championships on Grass" was added to the traditional title of The Championships as a result of the International Lawn Tennis Federation awarding this title to the British Isles. In parallel, as a consequence, Ladies' Doubles and Mixed Doubles Championships were added to the programme.

1915 - 1918
The Championships were suspended during the First World War. During these years, the expenditure was strictly confined to necessary maintenance to keep the grounds in reasonable condition.

1920
Due to lack of space at the ground, the Club decided to move to larger premises and purchased land in Church Road in preparation for the opening of a new ground in 1922.

WIMBLEDON - THE FUTURE

THE ALL ENGLAND LAWN TENNIS CLUB MASTERPLAN

In April 2013, The All England Club published a new Master Plan. This sets out the Club's vision for the future of the Grounds and is a framework against which new development will be assessed and refined.

The plan was conceived with the specific aim of ensuring that Wimbledon continues to be regarded as the finest stage in world tennis and presents an opportunity to reinforce the spirit of 'Tennis in an English Garden' around the Grounds.

A series of distinctive character areas are set within an overall landscape framework, which also serves to enhance the historic setting and identity of Wimbledon.

NO.1 COURT REDEVELOPMENT
One of the first projects identified by the Master Plan was the opportunity to improve No.1 Court by installing a new fixed and retractable roof.

2016
Work begins in earnest. Tower cranes positioned on four of the building cores were used to lift off the existing roof and lift on the new roof structure.

2017
There is no fixed roof on the Court.

2018
The new fixed roof will be complete.

2019
A new large screen is fully integrated into the building facade on Aorangi Terrace, known as The Hill.

The new moving structure will be swung into place and fully operational. The remodelling of No.1 Court will also provide the opportunity to achieve further improvements to the visitor experience through:

- New wider, more comfortable seating throughout the Court
- Two additional tiers of approximately 900 seats
- The creation of a new two-level public plaza in place of Court 19
- Improved on-site concessions and catering areas around the Court
- Hospitality facilities to replace some of the temporary facilities currently in use at the south of the Grounds

Large Format Panels

History of Wimbledon

The project was delivered in time and on budget for the Championships in 2018.

Alongside the player panels, history panels were created that outlined the history of Wimbledon and showcased future developments.
